

HP Retail Monitors

Everything you could ever want from a retail monitor in a range of elegant, reliable, and durable designs.

The monitor is the focal point of a retail solution, and HP has a range of retail-hardened monitors tailored to fit your specific environment. Each has a compact, flexible design for easy placement on the counter or mounted to a wall, swing arm or custom solution.¹

HP L1506x 15-inch LED Monitor

Reliable, purpose built, and using an industrial panel, this non-touch display offers increased brightness and a high contrast ratio for retail environments. The included accessory rail supports quick and easy mounting of HP accessories.¹

The HP L6010 10.4-inch Retail Monitor²

This stylish and compact non-touch display is designed for increased performance and outstanding durability. The small size and VESA mount capability make it a great secondary customer-facing display for sharing engaging video and graphics or as an operator display in small retail spaces. The optional stand offers height and tilt adjustment for additional flexibility.

HP L6015tm 15-inch/HP L6017tm 17-inch Retail Touch Monitors²

These elegant 15-inch and 17-inch diagonal monitors use Projected Capacitive touch technology for an intuitive, familiar multi-touch experience similar to that of smartphones and tablets. The flush-glass design provides a modern look and is easy to clean. The monitors have four mounting ports, for internal integration of optional³ peripherals such as a Magnetic Stripe Reader, Biometric Fingerprint Reader, and Webcam to enhance functionality and maximize counter space.

HP L5006tm 15-inch Retail Touch Monitor⁴

This monitor uses Surface Acoustic Wave (SAW) technology for fast, accurate input through a finger, gloved hand or stylus.

HP L5009tm 15-inch Retail Touch Monitor

Acoustic Pulse Recognition (APR) technology on this monitor identifies screen taps by recognizing the sounds created when the glass is touched at a given position. This means you can use a pen, credit card, finger or fingernail to interact with the screen.

Each monitor is backed by a three-year limited warranty.⁵ For more information about HP Retail Monitors, please visit www.hp.com/go/pos.
